ANSWER \_\_\_\_\_

# Subject- Science

All creatures that live in hot and sunny environments have different natural defences and habits that help protect them from the sun. Below are six examples of animals that show different ways they naturally protect themselves from the sun.

Complete the worksheet by cutting the pictures of the animals and their names and stick them into the correct boxes over leaf.

elephant	tortoise	koala
gorilla	meerkat	dog

Also cut out the name of the animal and stick them in the blank spaces

# Amazing facts

**FUN FACTS:**  
A giraffe is able to clean its ears with its own tongue!

**FUN FACT:**  
Polar bears swim faster than any other four-footed animal!

**FUN FACT:**  
Monkeys peel their bananas and do not eat the skins!

I love to go walkies and play in the sun, I always wear a fur coat to protect my skin. What am I?  
\_\_\_\_\_

Cut out and stick the correct animal picture here

I spread dirt all over my back to cover my skin and protect it from the sun. What am I?  
\_\_\_\_\_

Cut out and stick the correct animal picture here

I have a shell that protects me from the sun and when it gets hot I protect my head by popping it back into my shell. What am I?  
\_\_\_\_\_

Cut out and stick the correct animal picture here

I have dark circles around my eyes that absorb sunlight and help protect my eyes from the sun. What am I?  
\_\_\_\_\_

Cut out and stick the correct animal picture here

I spend most of the day sleeping in a eucalyptus tree that helps shade and protect me from the hot sun. What am I?  
\_\_\_\_\_

Cut out and stick the correct animal picture here

I don't like to go out in the middle of the day, I prefer to go out early in the morning and later in the afternoon. What am I?  
\_\_\_\_\_

Cut out and stick the correct animal picture here

## Note To The Parents

**Dear parents,**

Summer holidays are here, and we are very much concerned about our students, as your children are not only the hope and future of this nation but also expectations of every family. In order to make this vacation a healthy, safe, and happy one we have a few suggestions for you:

As a parent, communicate with your child in a friendly manner, encourage them to do some house work and create a clean, beautiful, warm and pleasant family atmosphere.

Although the summer vacation is a period of rest and relaxation, children should maintain a regular routine and keep learning, and must both sleep and arise early. Parents should help children keep in touch with books.

Life is no small matter; security should be in your mind. Our children are minors, parents should often remind them and teach them the necessary safety knowledge:

1. Children must obey your instructions and go out more often in your company. If they go out alone, they must tell you where they're going, who would go with them and what time they would return.
2. Parents should pay close attention to kids around your child and must avoid communication with badly behaved kids.
3. Children should use the internet only under parent supervision.
4. Children should exercise regularly and make sure of food safety and personal cleanliness.

Finally, we hope for our students – be safe, grow healthily. And we wish you success in work, family happiness, and good luck in everything.

Thank you

-Principal

Happy Summer!
